WHERE:

- Walter R/C Park at 8548 Morrison Lake Road, Saranac, MI. 48881

WHAT:

- Three events plus a mass launch
- Hot Dogs and Beans after flying

EVENTS:

- **EVENT #1:** 10 sec engine run and 90 second max. Six attempts for three official flights. 30 seconds is an attempt.
- **EVENT #2;** Spot time. Three attempts (any time on engine run, ok) to hit the target time which will be posted at CD table. The time will be between 50 and 70 seconds. Time starts at launch and ends at touchdown.
- **EVENT #3;** Pee Wee 30 rules event. Three official flight with six attempts (30 sec) Two flights may be HAND LAUNCHED AND ONE IS ROG OFF A TABLE. Scoring is based on a 15 second engine run and a 90 second (small field) max.
- **MASS LAUNCH:** We will have a mass launch just before we go up and have the hot dog and bean feed.

Pee Wee 30 Formula

Formula: $\frac{\text{Total Flight Time (max)}}{\text{Total Engine Run (min)}} \times 100 = \text{flight Score}$

Example: $\frac{90}{15} \times 100 = 600$ Perfect score

Example: $\frac{56}{17} \times 100 = 329$

SPECIAL FLIGHT NOTE:

- Pilots must announce which event you are flying and complete that event before starting the next event - you will only fly one event at a time. This keeps timing easier for everybody.
